

R-clips similar to DIN 11024

Item description/product images

Description

Material:

Steel or stainless steel A2.

Version:

Steel electro zinc-plated.

Stainless steel bright.

Note:

R-clips are used for securing bolts and axles. They are easy to install and can be reused. The ends have no sharp edges.

Double coil R-clips have a flatter spring characteristics and are easier to install. The double coil allows a tether cable to be attached to prevent loss.

Drawing reference:

Form E: with single coil.

Form D: with double coil (coil direction can differ from the drawing).
