

EU DECLARATION OF CONFORMITY

Packaging pursuant to (EU) Regulation 2025/40 (PPWR)

Cumulative declaration for all packaging materials in accordance with Art. 39 of the PPWR, in combination with appendix VII and VIII of the PPWR

Publishing company	Normteilwerk Robert Blohm GmbH
Address	Bahnhofstr. 20, 21514 Büchen, Germany
Document No.	PPWR_DoC_BLOHM_2026-07_V1.0
Version	1.0
Date	2026-07-22

This document consolidates the EU Declaration of Conformity for all packaging materials used by Normteilwerk Robert Blohm GmbH. It serves as a unified proof of compliance for customers and regulatory authorities pursuant to Article 15(3) of (EU) Regulation 2025/40 (PPWR). The detailed lists for each packaging group are attached as appendices A–D.

Note: Where individual requirements of Regulation (EU) 2025/40 are not yet directly applicable at the time of issue of this declaration, or where the delegated acts or implementing acts necessary to give them effect have not yet been adopted, this declaration is limited to the requirements in force on the date of issue.

1. Scope and packaging groups

This declaration applies to all packaging materials distributed by Normteilwerk Robert Blohm GmbH on the EU market. The packagings are divided into four groups. The complete article lists for each group are set out in appendices A–D.

Group	Material	Function	Appendix	Number of items
A	Paper/cardboard/carton	Transport packaging	App. A	28
B	Plastic	Sales packaging	App. B	12
C	Plastic	Transport packaging	App. C	15
D	Wood	Transport packaging	App. D	6

2. Publisher (Appendix VIII, No. 2)

The sole responsibility for the conformity of the packaging listed below lies with:

Company	Normteilwerk Robert Blohm GmbH
Address	Bahnhofstr. 20, 21514 Büchen, Germany
Email	material-compliance@blohm-gmbh.de
Sales Tax ID No.	DE222010237

3. Declaration under sole responsibility (Appendix VIII, No. 3)

The publisher hereby declares, on their sole responsibility in accordance with Art. 39(4) of (EU) Regulation 2025/40, that the packagings listed in appendices A–D comply, to the best of the publisher's knowledge and based on an internal technical assessment, with the requirements of (EU) Regulation 2025/40 that were directly applicable at the time they were placed on the market.

4. Applied sustainability requirements (Appendix VIII, No. 5)

The sphere of application of the declaration referred to in point 2 complies with the relevant EU legislation on harmonisation:

Complies with the following regulations	Source
Regulation (EU) 2025/40 (PPWR)	ABI. L from 22.1.2025

Other EU legislation's remain applicable insofar as the packaging in question falls within thier scope. This list is not intended to be exhaustive with regard to legislation's that may come into force in the future.

5. Applied sustainability requirements (Appendix VIII, No. 6)

The applicable scope of the declaration referred to in point 2 meets – where applicable – the requirements for PPWR conformity pursuant to Art. 39 PPWR in conjunction with Art. 5–12 PPWR:

Article	Requirement	Status
Art. 5(4)	Heavy metals: $\Sigma (\text{Pb} + \text{Cd} + \text{Hg} + \text{CrVI}) \leq 100 \text{ mg/kg}$ per component	conform
Art. 5(5)	PFAS limit values – food contact only:	not applicable
Art. 6	Recyclable design <i>Confirmation of compliance with the criteria for Recyclable design</i> <i>Performance level (from 2030)</i>	not yet applicable / in preparation
Art. 7	Minimum recycled content in plastic packaging (Objectives from 2030)	not yet applicable / in preparation
Art. 8	Bio-based plastics – sustainability requirements	not applicable
Art. 9	Biodegradability (tea/coffee bags, fruit labels, Single portion; from 2028)	not applicable
Art. 10	Minimising packaging – there are as yet no harmonised standards. Art. 24 Empty space ratio $\leq 50\%$ (from 2030)	not yet applicable / in preparation
Art. 11	Reusability – Criteria (a)–(i) (only reusable packaging)	not applicable
Art. 12	Labelling (material codes; harmonised label from 2028)	not yet applicable / in preparation

For requirements which have yet to be specified by delegated legislation or implementing legislation of the EU Commission (in particular Art. 6 and Art. 7 of (EU) Regulation 2025/40), the assessment is subject to the finalisation of the criteria. The publisher undertakes to review this statement following the publication of the relevant legal measures and to update it where necessary.

6. Harmonised standards and other technical specifications

At the time of issuing this explanation, no harmonised standards in line with (EU) Regulation 2025/40 had yet been published in the official journal of the European Union for the packaging categories in question. Conformity assessment is therefore carried out on the basis of:

- (a) the directly applicable requirements of Art. 5 to 12 of (EU) regulation 2025/40,
- (b) the technical documentation provided by the packaging supplier in accordance with Art. 16 of (EU) regulation 2025/40.

This statement will be updated following the publication of the harmonised standards. The obligation to update does not affect the validity of this statement for the period prior to the update.

7. Involvement of a notified body (Appendix VIII, No. 7)

The conformity assessment was carried out by the manufacturer in accordance with appendix VII, Module A (internal production control) of (EU) regulation 2025/40. The involvement of a notified body is not required for the relevant packaging categories under this regulation and has therefore not taken place.

8. Signing (Appendix VIII, No. 8)

Signatory (Name)	Andreas Tomaschko
Function	Head of Logistics
Town/city	Sulz am Neckar
Date	2026-07-22

Signature

This statement is provided electronically or, upon request, in paper form (in accordance with Art. 15(3) of (EU) regulation 2025/40).

Appendix A (pursuant to VIII, No. 1 and 4)

Group A | Paper/Cardboard/Carton | Transport packaging

Packaging function and material

Packaging type, Art. 3 PPWR:	Transport packaging
Packaging category' (as per Appendix II, Table 1)	2
Main material	Paper/cardboard/carton
Disposable / Reusable	Disposable
Intended use	Protecting goods during transport and handling, and ensuring safe and efficient transport
